

Montana Department of Transportation  
PO Box 201001  
Helena, MT 59620-1001

**Memorandum**

To: Distribution  
From: Paul Ferry, P.E.  
Highways Engineer  
Date: January 12, 2009  
Subject: Application Rate – Seal (CRS-2P)

**Background Information**

The statewide average application rate for Emulsified Asphalt CRS-2P (seal) in 2008 was 0.418 gal/square yd. Consequently, Construction has requested that the application rate in the Basis of Plan Quantities be increased to 0.42 gal/square yd. We concur with this change and the Basis of Plan Quantities will be changed as follows:

US Customary Units: Seal = 0.42 gallons per square yard

Metric Units: Seal = 1.90 liters per square meter

**Effective Date**

The change in the application rate for Emulsified Asphalt CRS-2P (seal) takes effect for all projects beginning with the first letting in May 2009.

If you have questions concerning this, please contact me at 444-6244.

Pf.
