The Montana Transportation Commission award the following project Foys Bend Stream Mitigation with an expedited Notice to Proceed via email as per the staff recommendation on March 5, 2013.

Kevin Howlett, Commissioner (District 1) - **Aye**
Rick Griffith, Commissioner (District 2) - **Aye**
D. Winterburn, Commissioner (District 3) - **Aye**
Carol Lambert, Commissioner (District 4) - **Aye**
Barb Skelton, Commissioner (District 5) - **Aye**

The Foys Bend project has an expedited award and Notice to Proceed so that the construction can be complete prior to spring runoff. Having construction completed early will allow a full growing season for the tree and shrub plantings to establish prior to winter and will prevent any further erosion of the stream.

The project was advertised in the February 28, 2013 letting and a total of three (3) bids were tendered. Staff recommends awarding the project to the responsive low bidder, Glacier Excavating.
